

TRANSFER OF CREDIT

All requests for transfer of credit to the Master of Divinity program must be approved by the Academic Dean. Normally, these credits must have been earned within the previous seven years at an accredited institution and been judged to be equivalent to courses in the Seminary's curriculum. No credits for courses in which the student received below the grade of C will be accepted. The Seminary's Admissions Board decides for each admitted seminarian in conjunction with the sponsoring (arch)diocese the length of the seminarian's priestly formation program. For those who have completed graduate theology courses prior to coming to Seminary that are eligible for transfer of credit and who have been placed in 1st theology (thus expected to complete all four years of the PSJS M.Div. degree/priestly formation program), the Seminary, in practice, accepts a transfer of credit in lieu of a Seminary course only if the seminarian wishes to use the time devoted to the course for some other formation related activity.
